How Business and IT Majors Fit Within the Steel Industry

NUCOR
Speaker: Mr. Colin Hanna, System Analyst, NYS

Wednesday, September 7, 2011
12 noon to 1:00 pm
Fulton 107A
Light Lunch Provided

Description: Nucor representatives will share their insights about opportunities for business and IT majors within the steel industry. Nucor is the largest producer of steel in the United States. They are also the world’s foremost steel recycler and one of the largest recyclers of any kind.

This lecture is part of Nucor Week, which includes several other events and lectures.
