Meet and Greet
102 EMAN Building, February 18th 4-5 pm

Hosted by:
Mr. Dan Hagen, Plant Manager, EMAN 2004
Mr. Ben Schnurbusch, Plant Manager, EMAN 2007

Electrification Products: Electrification of all consumption points

- Employees: 56,000
- New home for EPIS
- Digital and connected innovations for low- and medium-voltage, including electric vehicle (EV) infrastructure
- #2 in electrification globally

Power Grids: A stronger, smarter and greener grid

- Employees: 37,000
- Serves utility, industry, transportation and infrastructure customers
- Full range of consulting, service and asset management solutions
- #1 in Transmission & Distribution (T&D)

Career Path in Operations and Supply Chain
Learning about ABB Global Electrification and being #1 or #2 in all 4 of their business units

Industrial Automation: Perfection in automation

- Employees: 24,500
- Products, systems and services designed to optimize industrial processes
- Solutions include turnkey engineering, control systems, measurement products, and life cycle services
- #1 in process control

Robotics and Motion: Robotics and intelligent motion solutions

- Employees: 30,000
- Motors, generators, drives, mechanical power transmission, robotics, wind and traction converters
- #1 in motion, #2 in robotics
