

All Fortune 500 Companies use an ERP System

Missouri S&T's Unique Capability and Competitive Advantages

The **only self-hosted Research 1 university** in the U.S. with the capability to support **education, research, and prototyping** by leveraging its **technical expertise** from being a former SAP University Competency Centers (UCC)

- Missouri S&T is one of the pioneer SAP's University Alliance (UA) schools since 1996
- Missouri S&T served as one of four UCCs hosting universities in the Midwest from 1996 to 2008.
- Our ERP program is recognized as the **most comprehensive and technically advanced** in both the State of Missouri and across the U.S.
- We deploy and manage a full suite of **SAP software**, along with other leading platforms such as Microsoft Dynamic ERP, SAS, Oracle, to support our ERP curriculum, **research**, and service offerings.

Access to training materials from **SAP** and other software vendors (**Microsoft, SAS, ...**)

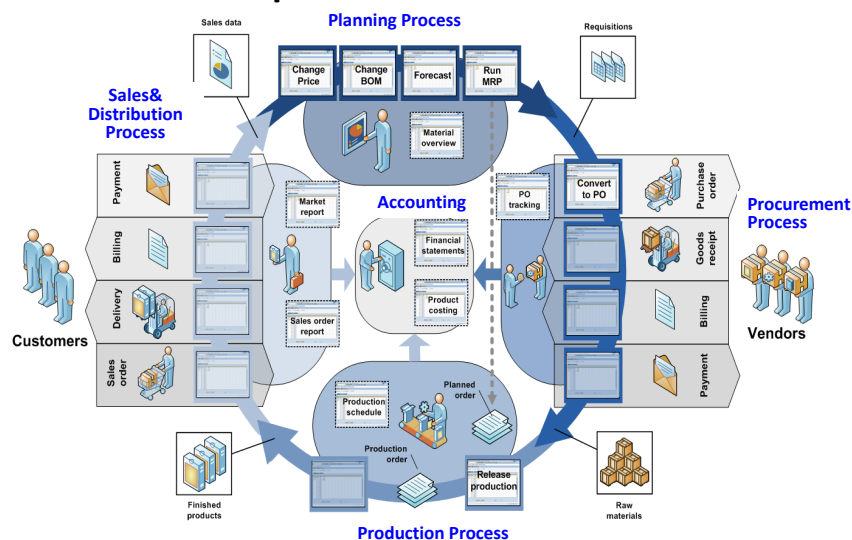

Ability to deploy working prototypes, create testing environments, design custom curriculum, etc.

What is Enterprise Resource Planning (ERP)?

a very **complex computer software solution** that controls

ALL parts of a business

What do those companies and agencies have in common?

Biotech companies use SAP ERP Systems
